**DETAILED ACTION**

***Claim Rejections - 35 USC § 103***

1. Claims 1, 3-5, 7-13, 15, 16 are rejected under 35 U.S.C. 103(a) as being unpatentable over Nakagawa et al in view of Bennett and Fine as discussed in paragraph 2 of the last office action.
2. Applicant's arguments filed 10/23/2003 have been fully considered but they are not persuasive. In response to applicants argument regarding reference Fine, the examiner notes that Fine does show correlation data means as claimed. Fine discloses that there is memory containing desired data to be printed (col 18 lines 30+). Fine also discloses that there is a data set which are stored in random access memory (col 17 lines 55+). Therefore, the examiner maintains that Fine has data stored in correlation with the packaging conditions as claimed.
3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
